

Dear Friend,

I'm writing to ask for your help.

You may already be familiar with a recent story about a small town who demonstrated hate and intolerance to a young girl. Constance McMillen is the Mississippi-based lesbian teenager who made national headlines recently when her high school chose to cancel its prom rather than let Constance attend with her girlfriend. Further, when the school was ordered to put on another event for the senior class, the parent body actively worked to exclude Constance and several other students (including several learning disabled students) from the festivities. A lawsuit is currently in front of the courts on Constance's behalf.

I'm the event organizer of "ALL LOVE, ALL WOODSTOCK" and I'm planning an enormous star-studded benefit here in Woodstock, NY. Proceeds from the event will go to the Constance Education Fund and the ACLU. As of this writing, the legendary *Ronnie Spector* (with friends like Nick Zinner from the *Yeah Yeah Yeahs*), neo-country star *Laura Cantrell*, rock band *We Are Scientists*, indie darlings just on the cusp of breakthrough *Hank and Cupcakes*, Elton John protege *Daniel Cartier*, playful party band *Derek and the Darling* and an assortment of dance queens, DJs, soul singers and performance artists are confirmed to play our event, including artists from Brooklyn's Peace Bisquit and NYC's King Street Sounds. We are waiting on confirmations from several other fabulous artists and bands and it's truly going to be a spectacular night. We have asked international talent and celebrities to make this the biggest, most glittering night for Constance and to join Woodstock in standing up for love! Additionally, we've got an IFC Independent Spirit award-winning filmmaker and documentary crew filming the Benefit and the people who are making it happen for a full length film.

I'm reaching out to you because while I expect this benefit to *really* inspire our friends, colleagues and community members to open their checkbook, I'm hoping you can be one of our "All Love, All Woodstock Angels" and get our funding off the ground with a tax deductible charitable contribution.

Some background for you: ALL LOVE ALL WOODSTOCK INC. is a newly formed 501(c)(3) organization whose mission is "to promote, further and support charitable, educational, scientific and benevolent purposes through grants, funding and financial assistance to individuals, institutions or organizations either directly or by funding programs or projects that accomplish such charitable, benevolent, educational and scientific purposes."

"ALL LOVE, ALL WOODSTOCK" is our first event and 100% of all proceeds from our benefit will go to Constance's education fund and the ACLU's Lesbian, Gay, Bisexual, Transgender and AIDS Project.

Please consider supporting this benefit. Your contribution will help cover our costs for lighting, staging, band expenses, printing and PR to publicize this very important event. Everyone involved has donated their time and services so far, but some expenses will be incurred. We're hoping that you'll consider being one of the people who made this happen with an early contribution.

With Woodstock love and many many thanks!
